ENTERPRISES **TIANZ** ENGAGED IN PROCESSING AGRICULTURAL PRODUCTS

It is an enterprise producing frozen food and an agricultural food processing enterprise integrating production and marketing. Since 1995, the company has been rated as the leading agricultural enterprise in Guangdong.

It mainly produces frozen vacuum dehydrated vegetables, livestock and aquatic products processing, vegetable freezing processing, frozen conditioned food processing, and rents a small experimental farm with a land of 54 mu. Most of its products are exported. It is an agricultural food processing enterprise with high scientific and technological content and one-stop production and marketing. The company has been rated as a leading agricultural enterprise in Guangdong over the years since 1995.

About Us

Guangdong Tianz Frozen Food Co., Ltd., established on December 18, 1993, is located in Jiansha Road East third District, Danzao Town, Nanhai District, Foshan, Guangdong Province. is a subsidiary of the Chinese Group. The company has a total investment of US \$20 million, a registered capital of US \$10 million, an area of 55 Mu and more than 1000 employees. The company is a self-supporting import and export processing enterprise producing diversified food. At present, the company's products have formed four series and more than 100 items:

- 1、 Frozen vacuum dehydrated food: more than 70 kinds, dehydrated meat, aquatic products, vegetables and cans, with a processing capacity of more than 2500 tons.
- 2、 Quick frozen vegetables: more than 20 kinds, with a processing capacity of more than 3000 tons.
- 3、 Prepared foods: more than 70 kinds, with a processing capacity of more than 2700 tons.
- 4、 Canned food: more than 10 kinds, with a processing capacity of more than 1000 tons.

There are 840 mu of special agricultural production bases and 11200 mu of cooperative agricultural production bases. The company's products are sold all over the country and exported to Japan, Australia and Taiwan. It is a deep-processing enterprise of agricultural products with high scientific and technological content and one-stop production, supply and marketing.

Since 1995, the company has been rated as the leading agricultural enterprise in Guangdong, passed the origin certification of pollution-free agricultural products in Guangdong in January 2005, and has been rated as the leading agricultural enterprise in Guangdong Province since 2008. Since 2018, it has been rated as one of the top 100 enterprises in Foshan City over the years.

The company passed the quality system certification in 1997, and subsequently passed the certification of HACCP, ISO22000, FSSC and other food safety systems. Tianz is the first enterprise that can export cloven hoof and poultry cooked meat products from Japan.

The company's quality policy is "safety, stability, hygiene, diligence, integrity, innovation, analysis and improvement". This spirit is always implemented in every product to produce food that gives consumers peace of mind and rest assured. The company has its own R & D team and all-round and high-precision food agricultural and animal residue detection equipment.

After the company settled in Foshan, based on the concept of mutual benefit, the company grew up with local farmers, actively promoted the agricultural exchanges between Guangdong and Taiwan, played a positive role in promoting the adjustment of local agricultural industrial structure and foreign exchange earning through export, and also introduced peers to invest and set up factories in Foshan, which expanded the popularity of Guangdong in Taiwan, Japan and other places and promoted the economic development of the two places.
